

FAYETTE COUNTY COMMISSION

January 28, 2015

SPECIAL SESSION

COURTHOUSE

FAYETTEVILLE, WV 25840

MEMBERS Present: Denise A. Scalph, Matthew Wender

The Fayette County Commission met in a special meeting on this 28th day of January 2015.

President Scalph called the meeting to order at 9:32 a.m.

Special Election Levy Emergency Test took place. The first day of Early Voting, Saturday, January 24, 2015, the video board of the IVotronic failed and had to be replaced.

A new machine was loaded and was ready to be tested Tuesday morning.

Test was held.

President Scalph suggested talking with Election Systems and Software before the 2016 election to have machines checked.

Commissioner Wender suggested asking the company about warranties we have on the machines and about the cost to replace the video board.

Richard Meadows, Ballot Commissioner, suggested checking the service plan to see if the video boards are covered.

Traci Johnson, County Clerk Chief Deputy, suggested checking into different service plans with Casto and Harris because they are closer and can arrive here in two hours rather than sending the IVotronics to Omaha, Nebraska.

The Emergency Test was completed and the IVotronic was prepared to be taken to the Fayette County memorial Building that afternoon.

The meeting was adjourned at 10:30 a.m.
